

METRON 07 FlatLine

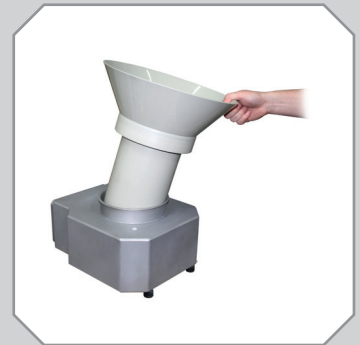

Metal detector for installation on
vertical form fill and seal machines VFFS

- **Reliable** - in Process and Detection
- **Durable** - in Technology and Performance
- **Conforming** - in Design and Data management

In a few words:

- Digital signal processing for best detection
- Strong shielding against external noise
- Process- and condition monitoring
- Exchangeable hoppers for various applications
- Failsafe storage of all system parameters
- Sensor head fully sealed
- Network connectivity and data management
- Password protected user management
- Hygienic Design without dead spots
